- Programming Languages: C, C++
- UI/UX Design: Figma, Canva
- Frameworks & Libraries: jQuery, AJAX
- Database: MongoDB

## LANGUAGES

- English (Basic)
- Sinhala (Fluent)

## About Me

- I am an enthusiastic and driven undergraduate student pursuing a BSc (Hons) in Information Technology at SLIIT, with a keen interest in graphic design and web development. With a strong foundation in HTML, CSS, JavaScript, Angular, React, and the MERN stack, I am passionate about creating innovative and user-centric designs that enhance the digital experience.

## Education

- **BSc (Hons) in Information Technology**  
*Sri Lanka Institute of Information Technology (SLIIT)*  
2022-2026
- **G.C.E Advanced level**  
*Panadura Balika Maha Vidyalaya*  
2021(2022)

## Projects

- **Employee-Management-System** July-Nov 2024

A MERN stack-based project developed for the 2nd-year, 2nd-semester ITM module, featuring CRUD operations, advanced search, salary assignment, leave request management, and automated report generation for efficient workforce administration. Built with MongoDB, Express.js, React, and Node.js for seamless data handling and an intuitive user experience.

- **Food Recipe App** Jan-Feb 2025

CookCraft – Food Recipe App  
A MERN stack-based food recipe app built using MongoDB, Express.js, React, and Node.js, enabling users to add, update, delete, and search recipes, save favorites, and manage personalized collections with user authentication for a seamless experience.

- **Interactive Hobby Sharing Web Application** Dec 2024

A web application built with HTML, CSS, and JavaScript, enabling users to explore hobbies, view a gallery, and provide feedback. Designed with a responsive layout for an engaging and user-friendly experience.

- **Healthcare Appointment mobile App** July-Oct 2024

A Kotlin-based mobile application developed for the 2nd-year, 2nd-semester MAD module, enabling users to book, manage, and cancel doctor appointments with appointment reminders and a user-friendly interface for seamless healthcare scheduling.

## Certificates

- **Front-end web development** Jan - 2025

Faculty of Information Technology,  
University of Moratuwa  
Skills: jQuery · AJAX · Angular · JavaScript

- **Web Development - 1** Nov - 2024

Faculty of Information Technology,  
University of Moratuwa  
Skills: HTML · Cascading Style Sheets (CSS) · JavaScript
